

PONS SERIES

Patch Panels

APPLICATION

PONS Series Patch Panels are available in 1RU to 12RU and in 19" to 23" EIA rail, and can be delivered with preinstalled splice trays, adapters and pigtails. PONS cassettes can be easily installed and removed without disturbing other parts. PONS Series Patch Panels offer a solution to managing fiber terminations, connections, and patching in all types of applications including central offices, data centers, indoor and outdoor cabinets, and many more. PONS is small solution to provide the user with superior fiber management.

TECHNICAL SPECIFICATION

PONS Patch Panels						
	1U	2U	3U	4U	6U	12U
